

LINC PLUS

When your lab instrument does not offer printable compliant patient reports and your providers need one, you can count on Linc Plus. View, print and send patient lab results to EMR. Eliminate mistakes, document and bill the correct patient and lab result the first time, every time.

- > Connect up to 2 lab instruments
- > Add manual test results
- > Review, accept and send results to EMR
- > Print compliant patient report
- > Includes remote training and installation
- > One-year warranty
