

## MIDLYNX LITE LIS

Complete with all the LIS features you need and designed to expand as your lab grows. You can add send-outs and even enter manual test results. From lab orders to final results, patient records will include all testing in one concise and printable electronic record.

- > Connect 1 lab instrument
- > Expand to add 5 more lab instruments and reference lab results
- > Enter test orders or receive from EMR
- > Add manual test results
- > Review, accept and send results to EMR
- > Quality Control
- > Historical and current patient result tracking
- > Comprehensive printable reports
- > Includes remote installation and training
- > One-year warranty
